

Researcher/Scientist

Vinuri is a researcher and scientist who loves to discover things we didn't know before. Travelling overseas and seeing how bad pollution is in other parts of the world inspired her to try to find a solution to the biggest modern threat to our oceans - plastic pollution. Find out more:

futureyouaustralia.com.au/pathfinders/vinuri

I use my communication skills to talk about my research and plastic pollution in general to students, making them more aware of the reality.

STEM Meter

How much Science, Technology, Engineering and Mathematics (STEM) does this job use?
